Stored at temperatures from 3°C to 30°C.

DESCRIPTION

A mild detergent for polished marbles and floors sensitive to acids. Provides powerful cleaning action while it doesn't damage polished marbles, as the conventional floor cleaners. It doesn't require rinsing. It is suitable for limestones porous stones, granite, terracotta tiles, tiles, Linoleum, PVC, wood, etc. it can be used for the initial cleaning of the marbles after installation. Specifically designed for the cleaning of surfaces treated with waterproofing impregnations, increasing the duration of the waterproofing treatment and most of other coatings.

APPLICATION

1. For maintenance and daily cleaning: dilute 15 ml (1 lid) in a bucket of water and clean the surface with a mop. Rinsing is not required
2. For very dirty floors and cleaning after the installation of marbles: dilute 50-100 ml (2-5 caps) in a bucket of water and clean the surface with a mop or a cleaning brush. For best results you can use rotary cleaning machine with a soft plastic disk. Remove debris and rinse.
